## FORT WILLIAM, LEGISLATIVE DEPARTMENT.

THE 15TH MAY, 1837.

The following Draft of a proposed Act was read in Council for the first time on the 15th May 1837:

ACT No. — OF 1837.

I. It is hereby enacted, that from the day of Regulation XV. 1817, of the Bengal Code, shall be repealed.

II. And it is hereby enacted, that when the Customs Duties fixed to be levied upon Goods Exported by Sea from any Port of the Presidency of Bengal shall be *ad valorem*, such value shall be declared by the Exporter in the manner prescribed by Regulation VI. 1833 of the Bengal Code for Goods Imported into Calcutta by Sea, and the rules and provisions of that Regulation for cases of disputed value (saving and excepting Section IV. thereof which prescribes the levy of duty when the Goods are taken for Government) shall apply and be in force in respect to Goods intended to be Exported by Sea in like manner as for Imported Goods, and the value so to be declared by the Exporter shall include the packages or materials in which the Goods may be packed or contained.

III. And it is hereby enacted, that it shall be lawful for the Governor of the Presidency of Fort William in Bengal, from time to time, by notice in the Official Gazette, to fix a value for any Article liable to *ad valorem* Duty, and that the value so fixed by the Governor of the said Presidency shall, till altered by a similar notice, be taken to be the value of such Article for the purpose of levying Duty on the same.

IV. And it is hereby enacted, that every Master of a Vessel who shall remove from such Vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed thereon, or put on board thereof between sun rise and sunset, or on any day when the Custom House is closed for business, shall be punished with a fine not exceeding 500 Rupees.

V. And it is hereby enacted, that when upon application from the Commander of any Vessel, the Custom House Officer shall be removed from on board thereof, under the provisions to that effect contained in Section XVI. of the Act XIV. of 1835, if the Commander of such Vessel shall, before a Custom House Officer have again been placed in such Vessel, put on board of such Vessel, or cause or suffer to be put on board of such Vessel any Goods whatever, such Commander shall be punished with a fine not exceeding 1,000 Rupees, and the Goods shall be liable to be reloaded for examination at the expense of the Shippers upon requisition to that effect from the Collector of Customs.

VI. And it is hereby enacted, that the Commander of every Vessel who is bound to receive a Custom House Officer on board of such Vessel, shall also be bound to receive on board one servant of such Officer, and to provide such Officer and such servant with suitable shelter and accommodation, and likewise with a due allowance of fresh water if necessary and with the means of cooking on board, and if any Commander of a Vessel shall

willfully disobey the directions contained in this Section he shall be punished with fine not exceeding 500 Rupees.

VII. And it is hereby enacted, that no Cargo Boat laden with Goods intended for Exportation by Sea, shall make fast to or lie alongside of any Vessel unless there shall be on board the Boat, or have been received by the Custom House Officer on board of the Vessel a Custom House Permit or Order for the Shipment of the Goods. And the Goods on board of any Boat that may so lie alongside or be made fast to a Vessel, if such Goods be not covered by a Custom House Pass accompanying them, or previously received by the Customs Officer on board the said Vessel, shall be liable to confiscation.

VIII. And it is hereby enacted, that when Goods shall be sent from on board Ship for the purpose of being landed and passed for Importation there shall be sent with each Boat load or other separate dispatch a Boat-note, specifying the number of Packages, and the marks and numbers or other description thereof, and such Boat-note shall be signed by an Officer of the Vessel and likewise by the Customs Officer that may be on board, and if any Imported Goods be found in a Boat proceeding to land without a Boat note, or if being accompanied by a Boat-note they be found out of the proper track between the Ship and the Custom House Wharf, or other Wharf or Ghat at which they have been permitted to be landed, the Boat containing such Goods may be detained by any Inspector or by any other Officer of the Preventive Service of the Custom House duly authorized by the Collector of Customs, and unless the cause of deviation be explained to the satisfaction of the Officers of Customs, the Goods shall be liable to confiscation.

IX. And it is hereby enacted, that when Goods shall be brought to be passed through the Custom House either for importation or exportation by Sea, if the packages in which the same may be contained, shall be found not to correspond with the description of them given in the application for passing them through the Custom House, or if the contents thereof be found not to have been correctly described in regard to sort, quality or quantity, or if any Goods not stated in the application be found concealed in or mixed up with the specified Articles, all such packages, with the whole of the Goods contained therein, shall be confiscated.

X. And it is hereby enacted, that if any person after Goods have been landed, and before they have been passed through the Custom House, removes or attempts to remove them with the intention of defrauding the revenue, the Goods shall be liable to confiscation.

XI. And it is hereby enacted, in modification of the Article of Schedule B. of Act No. XIV. of 1836, which provides, that when Sugar or Rum shall be exported on British Bottoms to any British possession, no Duty shall be levied thereupon, and if on foreign Bottoms, a duty of 2 per cent. only shall be levied, that the said exemption from duty and advantage of rate shall not hold or apply to the case of Sugar exported to any British Possession or Settlement on the Continent of India, (including the Port of Bombay), but Duties shall be levied on such Exports in the same manner as

upon Sugar and Rum exported to other places, and the amount of Duties so levied shall be credited to the adjustment of any Import Duty, to which the Sugar so exported from Bengal, may be subject at any place of import within the possessions of the East India Company.

XII. And it is hereby enacted, in modification of Section XVIII. of the Act XIV. of 1836, that when Goods shall be shipped after Port Clearance, if the same be Imported Goods entitled to drawback, such drawback shall be forfeited, but no separate Duty shall be levied thereon.

XIV. And it is hereby enacted, that no payment shall be made of drawback upon any Goods exported from any Port of Bengal, unless the export be made within two years from the date of the import in the Custom House Registers, nor unless the claim to receive such drawback be made at the time of exportation, nor unless the amount due thereupon, be demanded within one year from the date of entry for shipment in the Custom House Registers.

XV. And it is hereby enacted, that drawback shall not be allowed upon Goods shipped in Dhows and Native Craft not navigated by Pilots and not having Custom House Officers on board.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

II. And it is hereby enacted, that whoever in any written Declaration made and subscribed under the authority of this Act instead of an Oath, shall knowingly state an untruth, shall be punished on conviction before a Magistrate with imprisonment for a term not exceeding one year or two or both.

W. H. MACNAGHTEN,

*Secy. to the Govt. of India.*

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 15TH MAY, 1837.

*Resolution.*—The Governor General of India in Council, having taken into consideration the recommendations, and Drafts of Acts, relative to the future regulation of the Post and Banghy Conveyances in India, which have been submitted to him by the Committee assembled in Calcutta for the investigation of this subject, has resolved to publish for general information the subjoined Draft of Rules as appearing to him, upon mature deliberation, to be the best suited to introduce a just principle of uniformity in this branch of the Administration in the several Presidencies, and to reconcile, generally, a due attention to the convenience of the Public, with a regard for the Financial interests of the Government.

2. The effect of the proposed enactment, in its main provisions, will be to do away with the entire division which has hitherto existed between the Post Office Rules and Establishments of the different Presidencies;—to equalize the rates of Letter Postage, by raising, in some degree, those of Bengal, and reducing those of Madras, and, in a still greater degree, those of Bombay;—to diminish to some considerable extent, the Newspaper Postage of all the Presidencies, especially for extreme distances, at which the high existing rates of Postage are found to bear with excessive, and, in many cases, prohibitory pressure upon circulation; to allow letters to be sent bearing Postage, as well as post-paid, and to revise the scale of Ship Letter Postage, which has hitherto been levied in a manner inconvenient to the public, and in an undue proportion to the service performed by the Post Office.

3. It is not necessary to recapitulate in this Resolution the detailed Rules for amending, and aiding, the practice of the Department, and for the more effectual control of its Officers. It had been the intention of the Government, that the revenue at present derived from the Post Office, but little exceeding its expenses, should not be diminished by any new arrangement of rates; but though it has been found necessary to submit to some loss of public income, more particularly in the just consideration of a proper scale of Ship Letter Postage, in all other cases it may be confidently hoped that an ample compensation will, at no distant period, be obtained, in an improved circulation of intelligence and correspondence; and, in this confidence, the Governor General in Council will only further record his wish to extend, as far as may be consistent with prudent administration, the advantages given to the community by this Department.

4. It has been deemed necessary also, with a view to secure the full advantages to the Government and the public contemplated in this Act, to declare the exclusive power of conveying letters by post for hire to be vested in Government, but it is not the intention of the Governor General in Council to act extensively on the power given him for the suppression of private Dawks, and he will feel disposed to grant licences generally to existing private Dawks where sufficient cause for the indulgence may be shown. The period of two months has been granted for all parties who may entertain objections to the proposed Draft to state such objections, and a further period of three months has been allowed for the Proprietors of any Private Dawks that may now exist to apply for licences for the continuance of such Private Dawks.

The following Draft of a proposed Act is accordingly notified for general information, and that the said Draft be brought up for reconsideration at the first meeting of the Legislative Council of India which may be held after the 16th day of July next.

ACT No. — of 1837.

I. It is hereby enacted, that from the day of Regulation XL of 1830 of the Bombay Code, shall be repealed.

II. And it is hereby enacted, that after the expiration of three months from the passing of this Act, the exclusive right of conveying letters by post for hire from place to place within the Territories of the East India Company, shall be in the Governor General of India in Council.

III. Provided always, that it shall be competent to the said Governor General of India in Council, and to any authority thereunto empowered by the said Governor General in Council, to grant to any person or persons a license permitting such person or persons to convey letters by post for hire from place to place within the said Territories, and that it shall be lawful for any person or persons having such a license to convey letters in conformity with the terms of such license.

IV. And it is hereby enacted, that it shall be lawful for the said Governor General in Council, and for any authority which may have granted any such license as is described in the preceding Section, to revoke such license at pleasure.

V. LEGISLATIVE DEPARTMENT,

THE 1st MAY, 1837.

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, under date the 1st May 1837, is published for general information:

Read a second time the Resolution and Draft of a proposed Act published under date the 6th March 1837, in the Calcutta Gazette of the 16th following, authorizing Magistrates and Joint Magistrates to appropriate a portion of the Tax levied under Regulation XXII. 1816 for repairing and cleansing the Town in which such Tax is levied, and to raise the maximum of that Tax to Two Company's Rupees per Month.

Read a letter from the Officialing Secretary to the Lieutenant Governor N. W. P. in the Judicial Department, under date the 26th March last, notifying the existing anomaly which exempts European British subjects from assessment of the Chowkedaree Tax.

*Resolution*—The Right Hon'ble the Governor General of India in Council is pleased to resolve that the said Draft be re-published for general information with the following amendment, and

that the amended Draft be brought up for re-consideration at the first Meeting of the Legislative Council of India which may be held after the Eighteenth day of June next.

*Resolution and Draft*.—Since the abolition of the Town Duties in April last year the Government has directed its attention to the best means of replacing the loss thereby occasioned in the fund which had as circumstances permitted, been considered available towards the improvement of the large Towns in the interior of the Country.

From the information collected from the Magistrates of Bengal and the North Western Provinces, it appears that the object in view may be accomplished with the least annoyance to the people, and with the least disturbance of existing institutions, by rendering the assessment, which is leviable under Regulation XXII. 1816 for the maintenance of Chowkedars of Police applicable like the similar assessments levied in Calcutta and the other Presidencies to the cleansing and repairing as well as to the watching of the Towns in which the Tax is levied.

There is reason to believe also that the maximum of the Tax, viz. One Rupee, authorized to be fixed by the Panchaite of each Division of the Towns under the aforesaid Regulation, is too small to admit of an equitable adjustment of the rates. On this account a higher maximum has been fixed for individuals but no change has been made in the maximum of aggregate amount of the assessment authorized to be levied under the Regulation. The effect of this alteration will be to relieve the poor and to make a small addition to the contribution of those who are best able to contribute.

The following Draft of a proposed Act is accordingly notified for general information:

Act No. — of 1837.

I. It is hereby enacted, that from the day of it shall be lawful for the  
several Magistrates and Joint Magistrates within the Presidency of Fort William in Bengal to appropriate a portion of the Tax levied under Regulation XXII. 1816, of the Bengal Code to the purpose of cleansing and repairing the Towns in which that Tax is levied.

II. And it is hereby enacted, in lieu of the maximum rate prescribed by the Sanad of appointment referred to in Section X. of the above mentioned Regulation, that after the day of  
it shall be competent to the Panchaite appointed by the said Sanad to fix the rate of assessment to be levied from the proprietor or principal occupier of any shop or habitation at Two Company's Rupees per mensem.

III. And it is hereby enacted, that no person whatever shall either by reason of place of birth or by reason of descent be exempted from the payment of any assessment under Regulation XXII. of 1816, of the Bengal Code or under this Act.

LEGISLATIVE DEPARTMENT,  
THE 1ST MAY, 1837.**

The following Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, in the Legislative Department, under date the 1st May 1837, is published for general information:

Read the following paragraph (12) of a Dispatch from the Hon'ble the Court of Directors to the Governor General of India in Council, in the Legislative Department, No. 2 (28th October) of 1836.

12. "It does not appear from the papers forwarded by you whether there existed any objection to a provision authorizing the several Supreme Courts to permit any Convict recommended by them to His Majesty for pardon pending the reference for that purpose, to be at liberty on his own recognizance. If unobjectionable, we are of opinion that according to the suggestion of the Judges a provision to that effect should be passed by the Legislative Council. The object would have been answered by the enactment of the IV. Clause of the proposed Act, 'uniting only the proviso with which it concludes.'"

In conformity with the suggestion contained in the foregoing paragraph the following Act was passed, and was ordered to be published for general information.

**ACT No. VII. of 1837.**

It is hereby enacted, that it shall be lawful for any of the Courts established by His Majesty's Charters, in any case in which such Court shall have recommended to His Majesty the granting of a free pardon to any Convict, to permit such Convict to be at liberty on his own recognizance.

B. G. PALMER, Adg. Secretary.

NOTICE is hereby given, that from and after the 2nd July next, Salt will be sold by Private Sale, and at fixed prices, in quantities of not less than 250 Maunds—any Salt taken in excess of Maunds 250, to be taken in even quantities of Maunds 50, or Maunds 100 each, at Maunds 200—Maunds 250—Maunds 400—Maunds 500, &c.

2.—The Salt will be deliverable in the same manner and upon the same documents as heretofore from the several Ghauts and Golahs specified in the Schedule.

3.—The price of each description of Salt deliverable at the several Ghauts and Golahs is specified in the Schedule.

4.—Parties desirous to purchase Salt from any Ghaut or Golah must pay the price at the rate shown in the Schedule into the General Treasury, and upon the production of the Sub-Treasurer's Receipt for the amount at the Board of Customs, Salt and Opium, with a written application stating the quantity of Salt required, and the Agency and Ghaut from whence it is deliverable, the Applicant shall receive (provided there be in store at the Ghaut or Golah specified, the quantity of Salt applied for) an order upon the Salt Agent, or Superintendent of the Salted Golahs, to deliver the quantity of Salt purchased, such order will be accompanied by the usual protective documents which will be negotiable as at present. In the event of more applications being received than there is Salt in store to answer, the preference will be given to the holders of the Sub-Treasurer's Receipts bearing the earliest numbers. If the Salt be not cleared within three months, from the date of the Board's order for delivery, Golah rent and wastage will be charged at the rate of one Rupee per mounds for each 100 Maunds.

5.—No reduction will be made in the price of any Salt, the price of which is fixed by the Schedule without a previous notice of ten days, or a longer notice, should it appear desirable to the Board of Customs, Salt and Opium.

6.—Seized, damaged and inferior Salt, will be offered for Sale at such prices as may be equitable with reference to the quality of the article, and in such quantities, as the Board of Customs, Salt and Opium shall determine.

7.—All notices in regard to any reduction in the price of Salt, sold from Government Golahs, will be inserted in the Calcutta Gazette, and copies will be appended at the Office of the Board of Customs, Salt and Opium, and such other places as may be determined by the Board.

8.—Government do not contemplate the necessity of renewing the system of Public Sale, but should a recur occur to that system become indispensable, two months notice of the same will be given, and the notice will specify the upset price per hundred Maunds, at which each description of Salt will be offered for Public Sale after the expiration of two months from the date of such notice.

9.—All the Provisions of the Salt Regulations are equally applicable to Salt purchased under this Notification, as to Salt heretofore purchased at the Public Sales.

10.—The above Conditions will remain in force until the 1st July, 1838.

By Order of the Board of Customs, Salt and Opium, the 9th May, 1837.

B. G. PALMER, Acting Secretary.

SECOND SUPPLEMENT TO

# The Calcutta Gazette.

Published by Authority.

WEDNESDAY, MAY 17, 1837.

FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,  
THE 15TH MAY, 1837.

**Resolution.**—The Governor General of India in Council, having taken into consideration the recommendations, and Drafts of Acts, relative to the future regulation of the Post and Banghy Conveyances in India, which have been submitted to him by the Committee assembled in Calcutta for the investigation of this subject, has resolved to publish for general information the subjoined Draft of Rules as appearing to him, upon mature deliberation, to be the best suited to introduce a just principle of uniformity in this branch of the Administration in the several Presidencies, and to reconcile, generally, a due attention to the convenience of the Public, with a regard for the Financial Interests of the Government.

2. The effect of the proposed enactment, in its main operation, will be to do away with the entire division which has hitherto existed between the Post Office Rules and Establishments of the different Presidencies;—to equalize the rates of Letter Postage, by raising, in some degree, those of Bengal, and reducing those of Madras, and, in a still greater degree, those of Bombay;—to diminish to some considerable extent, the Newspaper Postage of all the Presidencies, especially for extreme distances, at which the high existing rates of Postage are found to bear with excessive, and, in many cases, prohibitory pressure upon circulation; to allow letters to be sent bearing Postage, as well as post-paid, and to revise the scale of Ship Letter Postage, which has hitherto been levied in a manner inconvenient to the public, and in an undue proportion to the service performed by the Post Office.

3. It is not necessary to recapitulate in this Resolution the detailed Rules for amending, and aiding, the practice of the Department, and for the more efficient control of its Officers. It had been the intention of the Government, that the revenue at present derived from the Post Office, but little exceeding its expenses, should not be diminished by any new arrangement of rates; but though it has been found necessary to submit to some loss of public income, more particularly in the just consideration of a proper scale of Ship Letter Postage, in all other cases it may be confidently hoped that an ample compensation will, at an distant period, be obtained, in an improved circulation of intelligence and correspondence; and, in this confidence, the Governor General in Council will only farther record his wish to extend, as far as may be consistent with prudent administration, the advantages given to the community by this Department.

4. It has been deemed necessary also, with a view to secure the full advantages to the Government and the public contemplated in this Act, to declare the exclusive power of conveying letters by post for hire to be vested in Government, but it is not the intention of the Governor General in Council to act extensively on the power given him for the suppression of private Dawks, and he will feel disposed to grant licenses generally to existing

private Dawks where sufficient cause for the indulgence may be shown. The period of two months has been granted for all parties who may entertain objections to the proposed Draft to state such objections, and a further period of three months has been allowed for the Proprietors of any Private Dawks that may now exist to apply for licenses for the continuance of such Private Dawks.

The following Draft of a proposed Act is accordingly notified for general information, and that the said Draft be brought up for reconsideration at the first meeting of the Legislative Council of India which may be held after the 18th day of July next.

Act No. — of 1837.

I. It is hereby enacted, that from the day of Regulation XI. of 1830 of the Bombay Code, shall be repealed.

II. And it is hereby enacted, that after the expiration of three months from the passing of this Act, the exclusive right of conveying letters by post for hire from place to place within the Territories of the East India Company, shall be in the Governor General of India in Council.

Provided always, that it shall be competent to the said Governor General of India in Council, and to any authority thereunto empowered by the said Governor General in Council, to grant to any person or persons a license permitting such person or persons to convey letters by post for hire from place to place within the said Territories, and that it shall be lawful for any person or persons having such a license to convey letters in conformity with the terms of such license.

IV. And it is hereby enacted, that it shall be lawful for the said Governor General in Council, and for any authority which may have granted any such license as is described in the preceding Section, to revoke such license at pleasure.

And it is hereby enacted, that whoever otherwise than under the authority of the said Governor General in Council, or in conformity with the terms of such a license as is aforesaid, knowingly conveys any letter by post for hire from place to place within the said Territories, or receives any letter or packet of letters, in order to such conveyance, or delivers any letter according to its direction knowing the same to have been so conveyed, or is accessory to such conveyance, receipt or delivery, shall be punished with fine not exceeding 50 Rs. for every letter so conveyed, received or delivered.

VI. And it is hereby enacted that inland postage duties shall be levied on the conveyance of letters and packets by the Government Post at the rates set forth in the Schedule marked A. which is annexed to this Act, and that the full postage shall be paid either on receipt or on delivery at the option of the sender, and that, if the thing conveyed be transferred from a Post Office in one Presidency to a Post Office in another Presidency, no additional charge shall be made on account of such transfer.

VII. And it is hereby enacted, that when there is a banghy established on a line of road, no person shall be entitled to demand that any letter or packet

XI. And it is hereby enacted, that proof sheets marked as such may be sent by letter post at the rates set forth in Table 3 of Schedule A, provided they be brought to the Dispatching Office open, and be sealed in presence of the person in charge of such Office.

XII. And it is hereby enacted, that the said Governor General in Council shall frame a scale of distances as nearly as practicable according to the distance by the nearest road between Post Office Stations, and that the rates of inland postage shall be calculated according to this scale.

XIII. And it is hereby enacted, that Steam Postage, according to such rates as may from time to time be fixed by the Governor General in Council, shall be levied on all letters and packets sent or received by any Government Steamer, and that such Steam Postage shall be in excess of any inland postage to which such letters or packets may be liable.

XIV. And it is hereby enacted, that Ship Postage, according to the rates fixed in Schedule B, annexed to this Act, shall be levied on all letters or packets sent or received by Sea through any Government Post Office, and not liable to Steam Postage.

XV. And it is hereby enacted, that when any Vessel arrives by sea at any place within the said Territories, at which there is a Government Post Office, the Commander of such Vessel shall, as speedily as possible, cause every letter and packet on board of such Vessel which is directed to that place, and which was not specially entrusted for separate delivery, to be delivered either at the Post Office or to some Officer of the Post Office authorised to receive the same; and that if there be on board any letter or packet directed to any other place, and not specially entrusted for separate delivery, the said Commander shall, as speedily as possible, report the same to the Post Master General or Post Master of the place at which he has arrived, and shall, not according to such directions as he may receive from such Post Master General or Post Master; and that the receipt of such Post Master General or Post Master shall discharge such Commander of all responsibility in respect of such letter or packet.

XVI. And it is hereby enacted, that every Commander of a Vessel who shall wilfully disobey any of the directions contained in the preceding Section shall be punished with a fine not exceeding 1,000 Rupees.

XVII. And it is hereby enacted, that for every letter or packet delivered by a Commander of a Ship, in conformity with the directions of Section XV. of this Act, the Officer in charge of the Post Office shall pay to the said Commander the sum of One Anna.

XVIII. And it is hereby enacted, that whenever any letter or packet is transhipped for transmission to any other place within the said Territories the Commander of the Vessel, which originally brought such letter or packet shall be entitled to receive One Anna for every such letter or packet, and that the Commander of the Vessel into which the letter or packet is transhipped, shall be entitled to receive Half an Anna from the person in charge of the Post Office at the place of delivery, provided that the said last mentioned Commander delivers the same in conformity with the directions contained in Section XV. of this Act.

XIX. Provided always, that no payment shall be made to the Commander of any Vessel on account of the delivery of any letter or packet unless the claim of such Commander shall be preferred before the Vessel leaves the place at which the letter or packet was delivered, or before the expiration of three months from the date of the arrival of the packet at the place of ultimate delivery.

XX. And it is hereby enacted, that the Commander of every Vessel leaving any place in the said Territories by Sea, shall receive on board of such his Vessel every letter and packet which he shall be required to receive by any Officer of the Post Office and shall sign a receipt for such letters and packets; and that every Commander of a Vessel who shall wilfully disobey any direction of this Clause shall be punished with a fine not exceeding 1,000 Rupees.

XXI. And it is hereby enacted, that whenever any letter or packet, the postage of which has not been paid, shall be delivered by any person employed by the Post Office, the person to whom it is delivered shall not be bound to pay the postage if he returns the letter or packet unopened, but if he opens the same he shall be bound to pay the postage due thereon; provided always, that if the letter or packet shall appear to have been maliciously sent for the purpose of annoying the person to whom it is directed, the Post Master General or Post Master of the Office, from which the delivery took place, shall remit the said postage.

XXII. And it is hereby enacted, that every letter or packet which is rejected unopened by the person to whom it is directed shall be returned by post to the sender, and that the said sender shall be bound to pay the return postage thereon unless direct postage has already been paid thereon.

XXIII. And it is hereby enacted, that whenever any letter or packet, the sender of which is unknown, shall be rejected unopened by the person to whom it is directed, such letter or packet shall be opened by the Officer in charge of the Post Office from which such letter or packet was delivered to that person.

XXIV. And it is hereby enacted, that if any person shall refuse to pay any postage which he is legally bound to pay for any letter or packet, it shall be lawful for the Officer in charge of the Post Office, from which such letter or packet was delivered to withhold from the person so refusing till such postage be paid, any letter directed to that person upon which postage has not been paid by the sender.

XXV. And it is hereby enacted, that all letters and packets which have remained three months unclaimed at any Post Office shall be transmitted to the General Post Office of the Presidency.

XXVI. And it is hereby enacted, that, at intervals not exceeding three months, lists of all unclaimed letters and packets which are in the General Post Office of any Presidency, shall be published in the Official Gazette of that Presidency.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 15TH MAY, 1837.

*Resolution.*—The Governor General of India in Council, having taken into consideration the recommendations, and Drafts of Acts, relative to the future regulation of the Post and Baggage Conveyances in India, which have been submitted to him by the Committee assembled in Calcutta for the investigation of this subject, has resolved to publish for general information the subjoined Draft of Rules as appearing to him, upon mature deliberation, to be the best suited to introduce a just principle of uniformity in this branch of the Administration in the several Presidencies, and to reconcile, generally, a due attention to the convenience of the Public, with a regard for the Financial interests of the Government.

2. The effect of the proposed enactment, in its main provisions, will be to do away with the entire division which has hitherto existed between the Post Office Rules and Establishments of the different Presidencies;—to equalize the rates of Letter Postage, by raising, in some degree, those of Bengal, and reducing those of Madras, and, in a still greater degree, those of Bombay;—to diminish to some considerable extent, the Newspaper Postage of all the Presidencies, especially for extreme distances, at which the high existing rates of Postage are found to bear with excessive, and, in many cases, prohibitory pressure upon circulation; to allow letters to be sent bearing Postage, as well as postpaid, and to revise the scale of Ship Letter Postage, which has hitherto been levied in a manner inconvenient to the public, and in an undue proportion to the service performed by the Post Office.

3. It is not necessary to recapitulate in this Resolution the detailed Rules for amending, and aiding, the practice of the Department, and for the more effectual control of its Officers. It had been the intention of the Government, that the revenue at present derived from the Post Office, but little exceeding its expenses, should not be diminished by any new arrangement of rates; but though it has been found necessary to submit to some loss of public income, more particularly in the just consideration of a proper scale of Ship Letter Postage, in all other cases it may be confidently hoped that an ample compensation will, at no distant period, be obtained, in an improved circulation of intelligence and correspondence; and, in this confidence, the Governor General in Council will only further record his wish to extend, as far as may be consistent with prudent administration, the advantages given to the community by this Department.

4. It has been deemed necessary also, with a view to secure the full advantages to the Government and the public contemplated in this Act, to declare the exclusive power of conveying letters by post for hire to be vested in Government, but it is not the intention of the Governor General in Council to act extensively on the power given him for the suppression of private Dawks, and he will feel disposed to grant licences generally to existing private Dawks where sufficient cause for the indulgence may be shown. The period of two months has been granted for all parties who may entertain objections to the proposed Draft to state such objections, and a further period of three months has been allowed for the Proprietors of any Private Dawks that may now exist to apply for licences for the continuance of such Private Dawks.

The following Draft of a proposed Act is accordingly notified for general information, and that the said Draft be brought up for reconsideration at the first meeting of the Legislative Council of India which may be held after the 15th day of July next.

Act No. — of 1837.

I. It is hereby enacted, that from the day of — Regulation XI. of 1830 of the Bombay Code, shall be repeated.

XI. And it is hereby enacted, that proof sheets marked as such may be sent by letter post at the rates set forth in Table 3 of Schedule A. provided they be brought to the Dispatching Office open, and be sealed in presence of the person in charge of such Office.

XII. And it is hereby enacted, that the said Governor General in Council shall frame a scale of distances as nearly as practicable according to the distance by the nearest road between Post Office Stations, and that the rates of inland postage shall be calculated according to this scale.

XIII. And it is hereby enacted, that Steam Postage, according to such rates as may from time to time be fixed by the Governor General in Council, shall be levied on all letters and packets sent or received by any Government Steamer, and that such Steam Postage shall be in excess of any inland postage to which such letters or packets may be liable.

XIV. And it is hereby enacted, that Ship Postage, according to the rates fixed in Schedule B, annexed to this Act, shall be levied on all letters or packets sent or received by Sea through any Government Post Office, and not liable to Steam Postage.

XV. And it is hereby enacted, that when any Vessel arrives by sea at any place within the said Territories, at which there is a Government Post Office, the Commander of such Vessel shall, as speedily as possible, cause every letter and packet on board of such Vessel which is directed to that place, and which was not specially entrusted for separate delivery, to be delivered either at the Post Office or to some Officer of the Post Office authorized in secrecy the same; and that if there be on board any letter or packet directed to any other place, and not specially entrusted for separate delivery, the said Commander shall, as speedily as possible, report the same to the Post Master General or Post Master of the place at which he has arrived, and shall, not according to such directions as he may receive from such Post Master General or Post Master; and that the receipt of such Post Master General or Post Master shall discharge such Commander of all responsibility in respect of such letter or packet.

XVII. And it is hereby enacted, that for every letter or packet delivered by a Commander of a ship, in conformity with the directions of Section XV. of this Act, the Officer in charge of the Post Office shall pay to the said Commander the sum of One Anna.

XVIII. XX. And it is hereby enacted, that the Commander of every Vessel leaving any place in the said Territories by Sea, shall receive on board of such his Vessel every letter and packet which he shall be required to receive by any Officer of the Post Office and shall sign a receipt for such letters and packets; and that every Commander of a Vessel who shall wilfully disobey any direction of this Clause shall be punished with a fine not exceeding 1,000 Rupees.

LIGHT AT FALSE POINT—DAY OF BENGAL.  
NOTICE.

**R**EFERRING to the Notice published from this Office under date 18th July last, Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude  $20^{\circ} 10' 25''$  N. and Longitude  $86^{\circ} 48' 5''$  E.

The Light will be exhibited from an elevation of about 65 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Studding. It will subsequently, viz. on and after the 1st March, 1839, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilot Station will be continued as heretofore, off Point Palmira, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruise during the day off the Point, anchoring during the night in a line East and West, in Latitude  $20^{\circ} 42'$  to  $20^{\circ} 45'$  N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till daylight.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 18 to 14 fathoms, to steer to the N. E. keeping in from 18 to 16 fathoms as the wind may blow to the Westward or Eastward, on no account coming under the former depth. In this track the Blue Light and Maroon above-mentioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmira and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind blows to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmira, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruise during the day between Bangor Head and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude  $21^{\circ}$  to  $21^{\circ} 10'$  North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red Flag flying at the Mast whenever they can do so without great inconvenience or delay. In the night during the N. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmira Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

By Order of the Marine Board,

C. H. GERRINAW, Secretary.

Fort William, the 25d January, 1837.

## POSTPONEMENT OF THE OPIUM SALE.

**N**OTICE is hereby given, that the Opium Sale advertised for Friday the 28th instant, is postponed until Friday the 6th June next, unless in the interim favorable intelligence is received from China, in which case the Board of Customs, Salt and Opium reserve to themselves the option of fixing such earlier date for the Sale as may be advisable.

By Order of the Board of Customs, Salt and Opium, the 25th April, 1837,

S. G. PALMER, Actg. Secretary.

**N**OTICE is hereby given, that from and after the 28th July next, Salt will be sold by Private Sale, and at fixed prices, in quantities of not less than 250 Maunds—any Salt taken in excess of Maunds 250, to be taken in even quantities of Maunds 50, or Maunds 100 each, as Maunds 300—Maunds 350—Maunds 400—Maunds 500, &c.

2.—The Salt will be deliverable in the same manner and upon the same documents as heretofore from the several Ghauts and Golahs specified in the Schedule.

3.—The price of each description of Salt deliverable at the several Ghauts and Golahs is specified in the Schedule.

4.—Parties desirous to purchase Salt from any Ghaut or Golah must pay the price at the rate shown in the Schedule into the General Treasury, and upon the production of the Sub-Treasurer's Receipt for the amount at the Board of Customs, Salt and Opium, with a written application stating the quantity of Salt required, and the Agency and Ghaut from whence it is deliverable, the Applicant shall receive (provided there be in store at the Ghaut or Golah specified, the quantity of Salt applied for) an order upon the Salt Agent, or Superintendent of the Bulken Golahs, to deliver the quantity of Salt purchased, such order will be accompanied by the usual protective documents which will be urgentiable as at present. In the event of more applications being received than there is Salt in store to answer, the preference will be given to the holders of the Sub-Treasurer's Receipts bearing the earliest numbers. If the Salt be not cleared within three months, from the date of the Board's order for delivery, Golah rent and wastage will be charged at the rate of one Rupee per mowam for each 100 Maunds.

5.—No reduction will be made in the price of any Salt, the price of which is fixed by the Schedule without a previous notice of ten days, or a longer notice, should it appear desirable to the Board of Customs, Salt and Opium.

6.—Sound, damaged and inferior Salt, will be offered for Salt at such prices as may be equitable with reference to the quality of the article, and in such quantities, as the Board of Customs, Salt and Opium shall determine.

7.—All notices in regard to any reduction in the price of Salt, sold from Government Golahs, will be inserted in the Calcutta Gazette, and copies will be appended at the Office of the Board of Customs, Salt and Opium, and such other places as may be determined by the Board.

8.—Government do not contemplate the necessity of renewing the system of Public Sale, but should a recurrence to that system become indispensable, two months notice of the same will be given, and the notice will specify the upset price per hundred Maunds, at which each description of Salt will be offered for Public Sale after the expiration of two months from the date of such notice.

9.—All the Provisions of the Salt Regulations are equally applicable to Salt purchased under the Notification, as to Salt purchased at the Public Sales.

10.—The above Conditions will remain in force until the 31st July, 1838.

By Order of the Board of Customs, Salt and Opium, the 31st May, 1837,

S. G. PALMER, Acting Secretary.

WEDNESDAY, MAY 24, 1837.

PORT WILLIAM,  
LEGISLATIVE DEPARTMENT,  
THE 15TH MAY, 1837.

The following Draft of a proposed Act was read in Council for the first time on the 15th May 1837:

ACT No. — or 1837.

I. It is hereby enacted, that from the day of Regulation XV. 1817, of the Bengal Code, shall be repealed.

II. And it is hereby enacted, that when the Customs Duties fixed to be levied upon Goods Exported by Sea from any Port of the Presidency of Bengal shall be *ad valorem*, such value shall be declared by the Exporter in the manner prescribed by Regulation VI. 1833 of the Bengal Code for Goods Imported into Calcutta by Sea, and the rules and provisions of that Regulation for cases of disputed value (saving and excepting Section IV. thereof which prescribes the rate of duty when the Goods are taken for Government) shall apply and be in force in respect to Goods intended to be Exported by Sea in like manner as for Imported Goods, and the value so to be declared by the Exporter shall include the packages or materials in which the Goods may be packed or contained.

III. And it is hereby enacted, that it shall be lawful for the Governor of the Presidency of Port William in Bengal, from time to time, by notice in the Official Gazette, to fix a value for any Article liable to *ad valorem* Duty, and that the value so fixed by the Governor of the said Presidency shall, till altered by a similar notice, be taken to be the value of such Article for the purpose of levying Duty on the same.

IV. And it is hereby enacted, that every Master of a Vessel who shall remove from such Vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed therefrom, or put on board thereof between sunset and sunrise, or on any day when the Custom House is closed for business, without leave in writing obtained from the Collector of Customs, shall be punished with a fine not exceeding 500 Rupees.

V. And it is hereby enacted, that when upon application from the Commander of any Vessel, the Custom House Officer shall be removed from on board thereof, under the provisions in that effect contained in Section XVI. of the Act XIV. of 1836, if the Commander of such Vessel shall, before a Custom House Officer has again been placed in such Vessel, put on board of such Vessel, or cause or suffer to be put on board of such Vessel any Goods whatever, such Commander shall be punished with a fine not exceeding 1,000 Rupees, and the Goods shall be liable to be retained for examination at the expense of the Shipper upon requisition to that effect from the Collector of Customs.

VI. And it is hereby enacted, that the Commander of every Vessel who is bound to receive a Custom House Officer on board of such Vessel, shall also be bound to receive on board one servant of such Officer, and to provide such Officer and such servant with suitable shelter and accommodation, and likewise with a due allowance of fresh water if necessary and with the means of cooking on board, and if any Commander of a Vessel shall

willfully disobey the directions contained in this Section he shall be punished with a fine not exceeding 500 Rupees.

VII. And it is hereby enacted, that no Cargo Boat laden with Goods intended for Exportation by Sea, shall make fast to or lie alongside of any Vessel unless there shall be on board the Boat, or have been received by the Custom House Officer on board of the Vessel a Custom House Permit or Order for the Shipment of the Goods. And the Goods on board of any Boat that may so lie alongside or be made fast to a Vessel, if such Goods be not covered by a Custom House Pass accompanying them, or previously received by the Customs Officer on board the said Vessel, shall be liable to confiscation.

VIII. And it is hereby enacted, that when Goods shall be sent from on board Ship for the purpose of being landed and passed for Importation there shall be sent with each Boat load or other separate dispatch a Boat note, specifying the number of Packages, and the marks and numbers or other description thereof, and such Boat-note shall be signed by an Officer of the Vessel and likewise by the Customs Officer that may be on board, and if any Imported Goods be found in a Boat proceeding to land without a Boat note, or if being accompanied by a Boat-note they be found out of the proper track between the Ship and the Custom House Wharf, or other Wharf or Ghat at which they have been permitted to be landed, the Boat containing such Goods may be detained by any Inspector or by any other Officer of the Preventive Service of the Custom House duly authorized by the Collector of Customs, and unless the cause of deviation be explained to the satisfaction of the Officers of Customs, the Goods shall be liable to confiscation.

IX. And it is hereby enacted, that when Goods shall be brought to be passed through the Custom House either for importation or exportation by Sea, if the packages in which the same may be contained, shall be found not to correspond with the description of them given in the application for passing them through the Custom House, or if the contents thereof be found not to have been correctly described in regard to sort, quality or quantity, or if any Goods not stated in the application be found concealed in or mixed up with the specified Articles, all such packages, with the whole of the Goods contained therein, shall be confiscated.

X. And it is hereby enacted, that if any person after Goods have been landed, and before they have been passed through the Custom House, remove or attempts to remove them with the intention of defrauding the revenue, the Goods shall be liable to confiscation.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 16TH MAY, 1837.

*Resolution.*—The Governor General of India in Council, having taken into consideration the recommendations, and Drafts of Acts, relating to the future regulation of the Post and Baggage Concessances in India, which have been submitted to him by the Committee assembled in Calcutta for the investigation of this subject, has resolved to publish for general information the subjoined Draft of Rules as appearing to him, upon mature deliberation, to be the best suited to introduce a just principle of uniformity in this branch of the Administration in the several Presidencies, and to reconcile, generally, a due attention to the convenience of the Public, with a regard for the Financial interests of the Government.

2. The effect of the proposed enactment, in its main provisions, will be to do away with the entire division which has hitherto existed between the Post Office Rules and Establishments of the different Presidencies;—to equalize the rates of Letter Postage, by raising, in some degree, those of Bengal, and reducing those of Madras, and, in a still greater degree, those of Bombay;—to diminish to some considerable extent, the Newspaper Postage of all the Presidencies, especially for extreme distances, at which the high existing rates of Postage are found to bear with excessive, and, in many cases, prohibitory pressure upon circulation; to allow letters to be sent bearing Postage, as well as post-paid, and to revise the scale of Ship Letter Postage, which has hitherto been levied in a manner inconvenient to the public, and in an undue proportion to the service performed by the Post Office.

3. It is not necessary to recapitulate in this Resolution the detailed Rules for amending, and aiding, the practice of the Department, and for the more effectual control of its Officers. It had been the intention of the Government, that the revenue at present derived from the Post Office, but little exceeding its expenses, should not be diminished by any new arrangement of rates; but though it has been found necessary to submit to some loss of public income, more particularly in the just consideration of a proper scale of Ship Letter Postage, in all other cases it may be confidently hoped that an ample compensation will, at no distant period, be obtained, in an improved circulation of intelligence and correspondence; and, in this confidence, the Governor General in Council will only further record his wish to extend, as far as may be consistent with prudent administration, the advantages given to the community by this Department.

4. It has been deemed necessary also, with a view to secure the full advantages to the Government and the public contemplated in this Act, to declare the exclusive power of conveying letters by post for hire to be vested in Government, but it is not the intention of the Governor General in Council to act extensively on the power given him for the suppression of private Dawks, and he will feel disposed to grant licences generally to existing private Dawks where sufficient cause for the indulgence may be shown. The period of two months has been granted for all parties who may entertain objections to the proposed Draft to state such objections, and a further period of three months has been allowed for the Proprietors of any Private Dawks that may now exist to apply for licences for the continuance of such Private Dawks.

The following Draft of a proposed Act is accordingly notified for general information, and that the said Draft be brought up for reconsideration at the first meeting of the Legislative Council of India which may be held after the 16th day of July next.

Act No. — of 1837.

I. It is hereby enacted, that from the day of — Regulation XI. of 1830 of the Bombay Code, shall be repealed.

II. And it is hereby enacted, that after the expiration of three months from the passing of this Act, the exclusive right of conveying letters by post for hire from place to place within the Territories of the East India Company, shall be in the Governor General of India in Council.

III. Provided always, that it shall be competent to the said Governor General of India in Council, and to any authority thereto empowered by the said Governor General in Council, to grant to any person or persons a license permitting such person or persons to convey letters by post for hire from place to place within the said Territories, and that it shall be lawful for any person or persons having such a license to convey letters in conformity with the terms of such license.

WEDNESDAY, MAY 24, 1837.

## PORT WILLIAM, LEGISLATIVE DEPARTMENT.

THE 15TH MAY, 1837.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 15th May, 1837, is hereby promulgated for general information:

ACT No. IX. of 1837.

I. It is hereby enacted, that from the 1st day of June, 1837, all immoveable Property situate within the jurisdiction of any of the Courts established by His Majesty's Charter shall, as far as regards the transmission of such Property on the death and intestacy of any Parsee having a beneficial interest in the same, or by the last Will of any such Parsee, be taken to be and to have been of the nature of Chattels real and not of freehold.

II. Provided always, that in any Suit at Law or in Equity which shall be brought for the recovery of such immoveable Property as is aforesaid, no advantage shall be taken of any defect of title arising out of the transmission of such Property upon the death and intestacy of any Parsee having a beneficial interest in the same, or by the last Will of any such Parsee if such transmission took place before the said first day of June, 1837, and if such transmission were either according to the Rules which regulate the transmission of freehold Property, or else took place with the acquiescence of all persons to whom any interest in that Property would according to the Rules which regulate the transmission of Chattels real, have accrued upon the death of such Parsee.

## PORT WILLIAM, LEGISLATIVE DEPARTMENT.

THE 22D MAY, 1837.

*Resolution.*—The Governor General in Council having had under his consideration the present state of the Administration of Affairs in the Settlements of Prince of Wales' Island, Singapore and Malacca, his attention has been particularly directed to the condition of the landed proprietors, and to the tenures by which lands are held in those Settlements. The Regulation which prescribes the mode of authenticating titles in one of the Settlements has been declared by the Recorder's Court to be invalid. The validity of other Regulations on the same subject is considered by high Authority as questionable,—and whether these Regulations be valid or not, it is certain that many persons who have a fair claim to landed property within those Settlements, would be unable to make out a legal title to that property.

The Governor General in Council has reason to believe that many Estates in those Settlements have been acquired under circumstances which though they might not be considered by a Court of Law as sufficient to create a right of property, give the

holders a strong claim on the justice of the Government, and he is satisfied that no advantage which could be obtained by rigidly enforcing the claims of the State against such persons, would compensate for the evils which would be the effect of such a course of policy.

The Governor General in Council has therefore determined to avoid taking any measure which can possibly shake the security of property, or diminish the confidence which is reposed in the public faith. He has determined to put an end to all disputes respecting the legality of the existing Regulations which relate to this subject by repealing those Regulations. He has determined to confirm by an Act of unquestionable legality all the rights which those Regulations bestowed on individuals. He has determined to institute an inquiry into claims to which the provisions of the existing Regulations do not extend for the purpose of giving validity to all which appears to be well grounded, and at the same time of enforcing the rights of the State in cases only in which they may have been willfully or fraudulently infringed.

It is the intention of the Governor General in Council that this inquiry shall be conducted in an impartial and liberal manner. It is not the wish of Government to scrutinize in a litigious spirit the claims which may be brought forward or consider itself as placed in the situation of an adverse party with regard to any person who occupies land under any pledge express or implied on the part of the State. The Commissioner by whom the inquiry is to be conducted will be placed under the authority of the Government of Bengal, and that Government will be requested to give directions for making public the instructions which the Commissioner may receive for his guidance in the determination of questions affecting the rights of the Government, or of individuals in Land.

With these views the Governor General in Council has passed the following Act.

ACT No. X. of 1837.

I. It is hereby enacted, that from the date of the passing of this Act, Regulations I. and IX. of 1830, passed by the Governor in Council of Prince of Wales' Island, Singapore and Malacca, and likewise Regulation I. of 1831, passed by the Vice President in Council, shall be repealed.

II. And it is hereby enacted, that it shall be lawful for the Governor General of India in Council to appoint one or more Commissioners for the purpose of inquiring into, and deciding upon, claims to hold lands within any of the Settlements of Prince of Wales' Island, Singapore and Malacca, whether the said claims be founded on grants or titles registered in conformity with the Provisions of any of the Regulations repealed by the foregoing Clause or not; provided nevertheless that every person holding land in any of the Settlements aforesaid, under a grant or title registered in conformity with the provisions of the said Regulations, shall be entitled to hold such land for such terms and on such conditions as are specified in such grant or title.

III. And it is hereby enacted, that on the arrival of any such Commissioner in any of the said Settlements, it shall be lawful for such Commissioner to require that all claims and applications to hold lands in that Settlement, which may be pending before the Resident Councillor, Collector or Superintendent of Land Revenue, shall be transferred to the said Commissioner, to be dealt with by him according to the powers vested in him by authority of this Act.

IV. And it is hereby enacted, that it shall be lawful for any such Commissioner whenever he may be within any of the said Settlements, to cause a survey or measurement to be made of any lands within that Settlement, in such manner as he may deem proper, and to require by a summons under his hand any person resident within that Settlement to attend before him and to produce any document relating to the right to any land or interest in land within that Settlement, and it shall further be competent to the said Commissioner to examine any such person upon oath touching the right to any such land or interest in such land.

V. And it is hereby enacted, that whenever any such Commissioner being within any of the said Settlements, shall in prosecution of the duties assigned to him by this Act discover that any person owning, or occupying lands within that Settlement under any grant or title registered in conformity with any of the Regulations repealed by Section I, shall be in possession of more land than is specified in such grant or title, it shall be competent to the Commissioner aforesaid to declare the land so held in excess to be liable to separate assessment.

VI. And it is hereby enacted, that if any person shall hold or occupy land within any of the Settlements aforesaid, by a grant or title which shall not have been registered in conformity with the provisions of any of the Regulations repealed by this Act, and such person shall prefer a claim to hold or occupy the same, or if such claim shall arise out of any proceeding or inquiry held by the Commissioner under this Act, it shall be competent to the said Commissioner to investigate the claim, and in every case in which the said Commissioner shall be of opinion, that the claim is a fair one, the said Commissioner shall make a decree assigning the land to which there may be such fair claim to the party who has such fair claim on such conditions, and for such term as may be prescribed under the Rules laid down for the guidance of the said Commissioner, and such decree shall constitute a good title as against the Government to the land therein assigned on the conditions and for the term therein specified.

VII. And it is hereby enacted, that whenever the Commissioner aforesaid under the power vested in him by Section IV. of this Act, shall require the attendance of any person or the production of any document by any person, he shall cause such person to be served with a notice under the hand of the said Commissioner, stating the purpose for which the attendance of such person is required, the documents (if any) which such person is to bring with him, and the period within which such person is to attend, and if such person cannot himself be found, the notice shall be affixed at his usual place of residence.

VIII. And it is hereby enacted, that if any person shall wilfully omit to obey any lawful summons to attend before the said Commissioner or to produce any document which he is required by the said Commissioner in the exercise of the lawful powers of the said Commissioner to produce, or to answer any lawful question put by the said Commissioner, it shall be competent to the said Commissioner to impose upon the person so wilfully omitting, for every such wilful omission, a fine not exceeding 50 Rs. commutable if not paid, to imprisonment by order of the Commissioner in the Civil Jail for a period not exceeding one month.

IX. And it is hereby enacted, that whoever shall forcibly resist or cause to be resisted any such Commissioner or any person employed by such Commissioner, in the performance of any thing which such Commissioner is by this Act authorized to perform, or to cause to be performed, shall on conviction before a Magistrate, be punished with imprisonment for a term not exceeding one year, or fine, or both, in addition to any punishment to which such offender may be liable by reason of any other offence committed in the course of such resistance.

X. And it is hereby enacted, that whoever being under examination before any such Commissioner either on oath or on a declaration sworn instead of an oath, knowingly and deliberately affirms that to be true which he knows to be false, touching any point material to the question which the Commissioner is investigating, shall be taken to be guilty of perjury and be dealt with accordingly.

XI. And it is hereby enacted, that all Orders and Decrees passed by any such Commissioner by which the possession of any land within any of the Settlements aforesaid shall be altered or affected, shall be final.

XII. Provided always, that if any party objects to any Decree or Order of the said Commissioner on the ground that such Decree or Order deprives that party of a legal right in land or to some interest in land, it shall be lawful for that party at any time within six weeks after the making of such Decree or Order, to move the Court of Judicature of Prince of Wales' Island, Singapore and Malacca, to quash such Decree or Order, which Court shall try the question whether such Decree or Order be or be not inconsistent with any legal right of the party moving, and if the said Court shall decide that such Decree or Order is inconsistent with any such legal right, the Decree or Order of the Commissioner shall be quashed by the said Court and shall be of no effect.

XIII. And it is hereby enacted, that the said Court of Judicature shall not decide whether a Decree or Order of any such Commissioner shall or shall not be quashed except when the Recorder is sitting in the said Court if there be at that time a Recorder.

XIV. And it is hereby enacted, that no Decree or Order of any such Commissioner shall be executed until six weeks shall have elapsed from the date of such Decree or Order. And it is further hereby enacted, that if any application shall be made to the said Court of Judicature as provided for in Section XII. of this Act, in that case the Decree or Order with respect to which such application is made, shall not be executed until such application shall be finally disposed of by the said Court.

XV. And it is hereby enacted, that if no such application to the Recorder's Court as aforesaid, shall be made within the period fixed in Section XII. of this Act, the said Commissioner shall proceed to execute the Order or Decree passed by him in the same manner as the decrees of the Recorder's Court are executed; and all Sheriffs, Magistrates, Constables, and other public officers, are hereby enjoined and required to be aiding and assisting in the execution of the same.

XVI. And it is hereby enacted, that every Commissioner appointed under this Act, shall be guided in the performance of the duties confided to him under the provisions of this Act by such instructions as he shall from time to time receive from the Governor of Bengal.

LIGHT AT FALSE POINT—BAY OF BENGAL.  
NOTICE.

**R**EFERRING to the Notice published from this Office  
under date 19th July last, Notice is given that on the  
1st day of March next a Light will be exhibited at False  
Point on a Tripod, in Latitude  $20^{\circ} 19' 20''$  N. and Lon-  
gitude  $86^{\circ} 46' 5''$  E.

The Light will be exhibited from an elevation of about  
65 feet above high water mark, and be visible in clear  
weather at a distance of about 13 miles from an elevation  
of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of  
November, after which it will be discontinued, in order to  
the removal of the Lantern to the top of the permanent  
Building. It will subsequently, viz. on and after the 1st  
March, 1838, be again exhibited at an elevation of 120 feet  
above high water mark, and be then visible from 18 to  
20 miles in clear weather, from the height of 15 feet from  
the surface of the Sea.

The Pilot Station will be continued as heretofore, off  
Point Palmyra, during the S. W. Monsoon, that is from the  
15th March to the 15th September, during which period  
the Pilot Vessels cruise during the day off the Point, an-  
choring during the night in a line East and West, in  
Latitude  $20^{\circ} 42'$  to  $20^{\circ} 45'$  N. with the Point bearing West  
to W. by S.; the Vessel, on board of which the next turn  
Pilot may be, will burn a Blue Light and fire a Maroon  
alternately every half hour, commencing with the former at  
eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are  
recommended after bringing it to bear West in from 13 to 14  
fathoms, to steer to the N. E. keeping in from 13 to 16  
fathoms as the wind may blow to the Westward or East-  
ward, on no account coming under the former depth. In  
this track the Blue Light and Maroon above-mentioned will  
be seen long before the Light on False Point is lost sight  
of. If, however, about the beginning of September, the  
wind comes from the Eastward or the weather assumes a  
threatening appearance, the Pilot Vessels necessarily haul  
off to the Eastward, and will then be found in a line between  
Point Palmyra and the Floating Light at the entrance  
of the Eastern Channel. Vessels therefore about that  
period, if the wind blows to the Eastward or has a threaten-  
ing appearance, are recommended after leaving False Point  
on no account to approach Point Palmyra, but rather to  
endeavour to make for the Floating Light at the entrance  
of the Eastern Channel, and it is further notified that from  
the 15th September on Pilot Vessel will be found to the  
Westward at the Western Sea Reef.

From the 15th September to the 15th March the Pilot  
Vessels cruise during the day between Danger Reef and  
the Western Sea Reef, anchoring in the night East and  
West of each other, in Latitude  $21^{\circ}$  to  $21^{\circ} 10'$  North.

Vessels approaching either Station during the day, are  
requested to make for that Vessel on board of which they  
will see a large red Flag flying at the Mast whenever they  
can do so without great inconvenience or delay. In the  
night during the S. W. Monsoon, that is from 15th  
September to 15th March, at the Floating Light Station at  
the entrance of the Eastern Channel, the Vessel having the  
next turn Pilot on board will burn a Maroon every hour,  
and in thick weather every half hour, and as before stated,  
at the Point Palmyra Station, during the S. W. Monsoon,  
or between 15th March and 15th September, such Vessel  
will alternately burn a Blue Light and Maroon every half  
hour. Commanders are in like manner requested during  
the night to seek their Pilot from such Vessel, it being  
however understood that any Pilot Vessel which may be  
first seen is bound immediately to use every exertion to put  
a Pilot on board, night or day, without reference to turn or  
rotation, and that this latter is only allowed when no delay  
is occasioned thereby.

By Order of the Marine Board,

C. B. GREENLAW, Secretary.

Port William, the 23d January, 1837.

## POSTPONEMENT OF THE OPIUM SALE.

**N**OTICE is hereby given, that the Opium Sale advertised  
for Friday the 28th instant, is postponed until  
Friday the 9th June next, unless in the interim favorable  
intelligence is received from China, in which case the  
Board of Customs, Salt and Opium reserve to themselves  
the option of fixing such earlier date for the Sale as may be  
advisable.

By Order of the Board of Customs, Salt and Opium, the  
23th April, 1837,

S. G. PALMER, Actg. Secretary.

**N**OTICE is hereby given, that from and after the 9th  
July next, Salt will be Sold by Private Sale, and at  
fixed prices, in quantities of not less than 250 Maunds—  
any Salt taken in excess of Maunds 250, to be taken in  
even quantities of Maunds 50, or Maunds 100 each, as  
Maunds 300—Maunds 350—Maunds 400—Maunds 500, &c.

2.—The Salt will be deliverable in the same manner and  
upon the same documents as heretofore from the several  
Ghauts and Golahs specified in the Schedule.

3.—The price of each description of Salt deliverable at  
the several Ghauts and Golahs is specified in the Schedule.

4.—Parties desirous to purchase Salt from any Ghaut or  
Golah must pay the price at the rate shown in the Sched-  
ule into the General Treasury, and upon the production  
of the Sub-Treasurer's Receipt for the amount at the  
Board of Customs, Salt and Opium, with a written applica-  
tion stating the quantity of Salt required, and the Agency  
and Ghaut from whence it is deliverable, the Applicant  
shall receive (provided there be in store at the Ghaut or  
Golah specified, the quantity of Salt applied for) an order  
upon the Salt Agent, or Superintendent of the Salted  
Golahs, to deliver the quantity of Salt purchased, such  
order will be accompanied by the usual protective docu-  
ments which will be negotiable as at present. In the event  
of more applications being received than there is Salt in  
store to answer, the preference will be given to the holders  
of the Sub-Treasurer's Receipts bearing the earliest num-  
bers. If the Salt be not cleared within three months, from  
the date of the Board's order for delivery, storage rent and  
wage will be charged at the rate of one Rupee per mow-  
sen for each 100 Maunds.

5.—No reduction will be made in the price of any Salt,  
the price of which is fixed by the Schedule within a pre-  
vious notice of ten days, or a longer notice should ap-  
pear desirable to the Board of Customs, Salt and Opium.

6.—Seized, damaged and inferior Salt, will be offered for  
Sale at such prices as may be equitable with reference to the  
quality of the article, and in such quantities, as the Board  
of Customs, Salt and Opium shall determine.

7.—All notices in regard to any reduction in the price of  
Salt, sold from Government Golahs, will be inserted in the  
Calcutta Gazette, and copies will be appended at the Office  
of the Board of Customs, Salt and Opium, and such other  
places as may be determined by the Board.

8.—Government do not contemplate the necessity of  
renewing the system of Public Sale, but should a securi-  
ty to that system become indispensable, two months  
notice of the same will be given, and the notice will speci-  
fy the upset price per hundred Maunds, at which each de-  
scription of Salt will be offered for Public Sale after the  
expiration of two months from the date of such notice.

9.—All the Provisions of the Salt Regulations are equally applicable to Salt purchased under this Notification, as to Salt heretofore purchased at the Public Sales.

10.—The above Conditions will remain in force until the 9th July, 1898.

By Order of the Board of Customs, Salt and Opium, the 9th May, 1897,

S. G. PALMER, Acting Secretary.

The 15th May, 1837.

The following Draft of a proposed Act was read in Council for the first time on the 15th May 1837 :

ACT No. — OF 1837.

I. It is hereby enacted, that from the day of Regulation XV. 1817, of the Bengal Code, shall be repealed.

II. And it is hereby enacted, that when the Customs Duties fixed to be levied upon Goods Exported by Sea from any Port of the Presidency of Bengal shall be *ad valorem*, such value shall be declared by the Exporter in the manner prescribed by Regulation VI. 1833 of the Bengal Code for Goods Imported into Calcutta by Sea, and the rules and provisions of that Regulation for cases of disputed value (saving and excepting Section IV. thereof which prescribes the levy of duty when the Goods are taken for Government) shall apply and be in force in respect to Goods intended to be Exported by Sea in like manner as for Imported Goods, and the value so to be declared by the Exporter shall include the packages or materials in which the Goods may be packed or contained.

III. And it is hereby enacted, that it shall be lawful for the Governor of the Presidency of Fort William in Bengal, from time to time, by notice in the Official Gazette, to fix a value for any Article liable to *ad valorem* Duty, and that the value so fixed by the Governor of the said Presidency shall, till altered by a similar notice, be taken to be the value of such Article for the purpose of levying Duty on the same.

IV. And it is hereby enacted, that every Master of a Vessel who shall remove from such Vessel or put on board thereof any Goods, or cause or suffer any Goods to be removed thence, or put on board thereof between sun set and sun rise, or on any day when the Custom House is closed for business, without leave in writing obtained from the Collector of Customs, shall be punished with a fine not exceeding 500 Rupees.

V. And it is hereby enacted, that when upon application from the Commander of any Vessel, the Custom House Officer shall be removed from on board thereof, under the provisions to that effect contained in Section XVI. of the Act XIV. of 1836, if the Commander of such Vessel shall, before a Custom House Officer have again been placed in such Vessel, put on board of such Vessel, or cause or suffer to be put on board of such Vessel any Goods whatever, such Commander shall be punished with a fine not exceeding 1,000 Rupees, and the Goods shall be liable to be retained for examination at the expense of the Shippers upon requisition to that effect from the Collector of Customs.

VI. And it is hereby enacted, that the Commander of every Vessel who is bound to receive a Custom House Officer on board of such Vessel, shall also be bound to receive on board one servant of such Officer, and to provide such Officer and such servant with suitable shelter and accommodation, and likewise with a due allowance of fresh water if necessary and with the means of cooking on board, and if any Commander of a Vessel shall

willfully disobey the directions contained in this Section he shall be punished with fine not exceeding 500 Rupees.

VII. And it is hereby enacted, that no Cargo Boat laden with Goods intended for Exportation by Sea, shall make fast to or lie alongside of any Vessel unless there shall be on board the Boat, or have been received by the Custom House Officer on board of the Vessel a Custom House Permit or Order for the Shipment of the Goods. And the Goods on board of any Boat that may so lie alongside or be made fast to a Vessel, if such Goods be not covered by a Custom House Pass accompanying them, or previously received by the Custom House Officer on board the said Vessel, shall be liable to confiscation.

VIII. And it is hereby enacted, that when Goods shall be sent from on board Ship for the purpose of being landed and passed for Importation there shall be sent with each Boat load or other separate dispatch a Boat-note, specifying the number of Packages, and the marks and numbers or other description thereof, and such Boat-note shall be signed by an Officer of the Vessel and likewise by the Customs Officer that may be on board, and if any Imported Goods be found in a Boat proceeding to land without a Boat-note, or if being accompanied by a Boat-note they be found out of the proper track between the Ship and the Custom House Wharf, or other Wharf or Ghat at which they have been permitted to be landed, the Boat containing such Goods may be detained by any Inspector or by any other Officer of the Preventive Service of the Custom House duly authorized by the Collector of Customs, and unless the cause of deviation be explained to the satisfaction of the Officers of Customs, the Goods shall be liable to confiscation.

IX. And it is hereby enacted, that when Goods shall be brought to be passed through the Custom House either for Importation or exportation by Sea, if the packages in which the same may be contained, shall be found not to correspond with the description of them given in the application for passing them through the Custom House, or if the contents thereof be found not to have been correctly described in regard to sort, quality or quantity, or if any Goods not stated in the application be found concealed in or mixed up with the specified Articles, all such packages, with the whole of the Goods contained therein, shall be confiscated.

XI. And it is hereby enacted, in modification of the Article of Schedule B. of Act No. XIV. of 1836, which provides, that when Sugar or Rum shall be exported on British Bottoms to any British possession, no Duty shall be levied thereupon, and if on foreign Bottoms, a duty of 3 per cent. only shall be levied, that the said exemption from duty and advantage of rate shall not hold or apply to the case of Sugar exported to any British Possession or Settlement on the Continent of India, (including the Port of Bombay), but Duties shall be levied on such Exports in the same manner as

XII. And it is hereby enacted, in modification of Section XVIII. of the Act XIV. of 1836, that when Goods shall be shipped after Port Clearance, if the same be Imported Goods entitled to drawback, such drawback shall be forfeited, but no separate Duty shall be levied thereon.

W. H. MACNAGHTEN,

*Secy. to the Govt. of India.*

FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,  
The 16th May, 1857.

*Resolution.*—The Governor General in Council, having taken into consideration the recommendations, and Drafts of Acts, relative to the future regulation of the Post and Baggage Conveyances in India, which have been submitted to him by the Committee assembled in Calcutta for the investigation of this subject, has resolved to publish for general information the subjoined Draft of Rules as appearing to him, upon mature deliberation, to be the best suited to introduce a just principle of uniformity in this branch of the administration in the several Presidencies, and to reconcile, generally, a due attention to the convenience of the Public, with a regard for the Financial interests of the Government.

2. The effect of the proposed enactment, in its main provisions, will be to do away with the entire division which has hitherto existed between the Post Office Rules and Establishments of the different Presidencies;—to equalize the rates of Letter Postage, by raising, in some degree, those of Bengal, and reducing those of Madras, and, in a still greater degree, those of Bombay;—to diminish to some considerable extent, the Newspaper Postage of all the Presidencies, especially for extreme distances, at which the high existing rates of Postage are found to bear with excessive, and, in many cases, prohibitory pressure upon circulation; to allow letters to be sent bearing Postage, as well as postage paid, and to revise the scale of Ship Letter Postage, which has hitherto been levied in a manner inconvenient to the public, and in an undue proportion to the service performed by the Post Office.

3. It is not necessary to recapitulate in this Resolution the detailed Rules for amending, and adding, the practice of the Department, and for the more efficient control of its Offices. It had been the intention of the Government, that the revenue at present derived from the Post Office, but little exceeding its expenses, should not be diminished by any new arrangement of rates; but though it has been found necessary to submit to some loss of public income, more particularly in the first consideration of a proper scale of Ship Letter Postage, in all other cases it may be confidently hoped that an ample compensation will, at an distant period, be obtained, in an improved circulation of intelligence and correspondence; and, in this confidence, the Governor General in Council will only further record his wish to extend, as far as may be consistent with prudent administration, the advantages given to the community by this Department.

4. It has been deemed necessary also, with a view to secure the full advantages to the Government and the public contemplated in this Act, to declare the exclusive power of conveying letters by post for hire to be vested in Government, but it is not the intention of the Governor General in Council to act extensively on the power given him for the suppression of private Dawks, and he will feel disposed to grant licenses generally to existing private Dawks where sufficient cause for the indulgence may be shown. The period of two months has been granted for all parties who may entertain objections to the proposed Draft to state such objections, and a further period of three months has been allowed for the Proprietors of any Private Dawks that may now exist to apply for licenses for the continuance of such Private Dawks.

The following Draft of a proposed Act is accordingly notified for general information, and that the said Draft be brought up for reconsideration at the next meeting of the Legislative Council of India which may be held after the 10th day of July next.

Act No. — of 1857.

I. It is hereby enacted, that from the day of Regulation XI. of 1839 of the Bombay Code, shall be repealed.

II. And it is hereby enacted, that after the expiration of three months from the passing of this Act, the exclusive right of conveying letters by post for hire from place to place within the Territories of the East India Company, shall be in the Governor General of India in Council.

III. Provided always, that it shall be competent to the said Governor General of India in Council, and to any authority thereunto empowered by the said Governor General in Council, to grant to any person or persons a licence permitting such person or persons to convey letters by post for hire from place to place within the said Territories, and that it shall be lawful for any person or persons having such a licence to convey letters in conformity with the terms of such licence.

IV. And it is hereby enacted, that it shall be lawful for the said Governor General in Council, and for any authority which may have granted any such licence as is described in the preceding Section, to revoke such licence at pleasure.

V. And it is hereby enacted, that whoever other-wise than under the authority of the said Governor General in Council, or in conformity with the terms of such a licence as is aforesaid, knowingly conveys any letter by post for hire from place to place within the said Territories, or receives any letter or packet of letters, in order to such conveyance, or delivers any letter according to its direction knowing the same to have been so conveyed, or is accessory to such conveyance, receipt or delivery, shall be punished with fine not exceeding 50 Rs. for every letter so conveyed, received or delivered.

VI. And it is hereby enacted that inland postage duties shall be levied on the conveyance of letters and packets by the Government Post at the rates set forth in the Schedule marked A. which is annexed to this Act, and that the full postage shall be paid either on receipt or on delivery at the option of the sender, and that, if the thing conveyed be transferred from a Post Office in one Presidency to a Post Office in another Presidency, no additional charge shall be made on account of such transfer.

VII. And it is hereby enacted, that when there is a baggy established on a line of road, no person shall be entitled to demand that any letter or packet exceeding 12 tolas in weight shall be conveyed by the letter post on that line of road.

VIII. And it is hereby enacted that, when there is no baggy established on a line of road, letters and packets exceeding 12 tolas in weight, and not exceeding 40 tolas in weight, shall be conveyed on that line of road by the letter post, and every such letter or packet shall be charged with the postage of a letter or packet of the same description of twelve tolas weight sent by letter post.

IX. And it is hereby enacted, that no packet of the description mentioned in Table 2 of Schedule A. shall contain any writing whatever other than writing which is necessarily part of the documents which such packet is stated to contain, by attestation on the cover of such packet, and that whoever shall send any such packet by the Government Post, knowing that it contains any writing not necessarily part of the documents which such packet is stated to contain by attestation on the cover, shall be punished with a fine of Fifty Rupees.

XI. And it is hereby enacted, that proof sheets marked as such may be sent by letter post at the rates set forth in Table 3 of Schedule A. provided they be brought to the Dispatching Office open, and be sealed in presence of the person in charge of such Office.

XII. And it is hereby enacted, that the said Governor General in Council shall frame a scale of distances as nearly as practicable according to the distance by the nearest road between Post Office Stations, and that the rates of inland postage shall be calculated according to this scale.

XIII. And it is hereby enacted, that Steam Postage, according to such rates as may from time to time be fixed by the Governor General in Council, shall be levied on all letters and packets sent or received by any Government Steamer, and that such Steam Postage shall be in excess of any inland postage to which such letters or packets may be liable.

XIV. And it is hereby enacted, that Ship Postage, according to the rates fixed in Schedule B. annexed to this Act, shall be levied on all letters or packets sent or received by Sea through any Government Post Office, and not liable to Steam Postage.

XV. And it is hereby enacted, that when any Vessel arrives by sea at any place within the said Territories, at which there is a Government Post Office, the Commander of such Vessel shall, as speedily as possible, cause every letter and packet on board of such Vessel which is directed to that place, and which was not specially entrusted for separate delivery, to be delivered either at the Post Office or to some Officer of the Post Office authorised to receive the same: and that if there be on board any letter or packet directed to any other place, and not specially entrusted for separate delivery, the said Commander shall, as speedily as possible, report the same to the Post Master General or Post Master of the place at which he has arrived, and shall, not according to such directions as he may receive from such Post Master General or Post Master; and that the receipt of such Post Master General or Post Master shall discharge such Commander of all responsibility in respect of such letter or packet.

XVI. And it is hereby enacted, that every Commander of a Vessel who shall wilfully disobey any of the directions contained in the preceding Section shall be punished with fine not exceeding 1,000 Rupees.

XVII. And it is hereby enacted, that for every letter or packet delivered by a Commander of a Ship, in conformity with the directions of Section XV. of this Act, the Officer in charge of the Post Office shall pay to the said Commander the sum of One Anna.

XVIII. And it is hereby enacted, that whenever any letter or packet is transhipped for transmission to any other place within the said Territories the Commander of the Vessel, which originally brought such letter or packet shall be entitled to receive One Anna for every such letter or packet, and that the Commander of the Vessel into which the letter or packet is transhipped, shall be entitled to receive Half an Anna from the person in charge of the Post Office at the place of delivery; provided that the said last mentioned Commander delivers the same in conformity with the directions contained in Section XV. of this Act.

XIX. Provided always, that no payment shall be made to the Commander of any Vessel on account of the delivery of any letter or packet unless the claim of such Commander shall be preferred before the Vessel leaves the place at which the letter or packet was delivered, or before the expiration of three months from the date of the arrival of the packet at the place of ultimate delivery.

XX. And it is hereby enacted, that the Commander of every Vessel leaving any place in the said Territories by Sea, shall receive on board of such his Vessel every letter and packet which he shall be required to receive by any Officer of the Post Office and shall sign a receipt for such letters and packets; and that every Commander of a Vessel who shall wilfully disobey any direction of this Clause shall be punished with a fine not exceeding 1,000 Rupees.

XXI. And it is hereby enacted, that whenever any letter or packet, the postage of which has not been paid, shall be delivered by any person employed by the Post Office, the person to whom it is delivered shall not be bound to pay the postage if he returns the letter or packet unopened, but if he opens the same he shall be bound to pay the postage due thereon; provided always, that if the letter or packet shall appear to have been maliciously sent for the purpose of annoying the person to whom it is directed, the Post Master General or Post Master of the Office, from which the delivery took place, shall remit the said postage.

**XXIV.** And it is hereby enacted, that if any person shall refuse to pay any postage which he is legally bound to pay for any letter or packet, it shall be lawful for the Officer in charge of the Post Office, from which such letter or packet was delivered to withhold from the person so refusing till such postage be paid, any letter directed to that person upon which postage has not been paid by the sender.

**XXV.** And it is hereby enacted, that all letters and packets which have remained three months unclaimed at any Post Office shall be transmitted to the General Post Office of the Presidency.

**XXVI.** And it is hereby enacted, that, at intervals not exceeding three months, lists of all unclaimed letters and packets which are in the General Post Office of any Presidency, shall be published in the Official Gazette of that Presidency.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including

Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

THE 17TH MAY, 1837.

The following Resolution, passed by the Right Hon'ble the Governor General of India in Council, is published for general information:

**Resolution.**—The Right Hon'ble the Governor General of India in Council remarks that the principle of the Rule recently established for Bengal, under which the Salary of Officers deputed to other Stations of the same Presidency will be Audited payable at the place where they may be employed, applies equally to the case of Officers of one Presidency employed temporarily, either under the Supreme Government or in another Presidency, without vacating the substantive Office to which they are attached under their own Presidency,—but the Rule cannot be established in the same form, because the Auditor of one Presidency cannot Audit Salary Bills and adjust the fund deductions, &c. of another. In order to give to Servants in this predicament the same advantage of drawing all their Allowances at the place where they may be employed, the Right Hon'ble the Governor General of India in Council determines that the following Rule shall be established. Whenever a Servant attached to one Presidency shall obtain temporary employment under another Presidency, and shall desire to draw the Allowances of his substantive Office at the place or in the Presidency to which he has been deputed, he shall apply to the Government of his Presidency for an order to the Civil Auditor to grant him a Certificate of the amount Salary less deductions to which he is entitled, and the Civil Auditor of the Presidency in which he is doing duty, shall, on the strength of that Certificate, pass to him a monthly sum on account, as the Civil pay of the other Presidency, the amount so passed to be made payable at the Treasury of the place where the Officer is employed, upon duplicate or triplicate receipts, and to be adjusted in account by the Accountant or Accountant General of the Presidency as a remittance to the debit of the Presidency on account of which it is paid. With respect to Divisions of the same Presidency as the Collectors of one Division are in the habit of granting Bills on those of the other which are adjusted thro' the two Offices of Account, the Governor General of India in Council adopting the suggestion of the Accountant General, determines that when an Officer of the North Western Provinces may be deputed to officiate within those under the Governor of Bengal or vice versa, the Salary Bill of his substantive Office being transmitted for Audit to the Auditor of the proper Division, shall by him be forwarded to the Collector of the District where it is ordinarily payable, and that Officer shall, if it be duly receipted, issue and transmit to the Officer a Bill for the amount as per Audit payable to the individual at the Treasury of the place where he may be employed on duty, such Bills to be granted at par without any charge of Road-deen.

LEGISLATIVE DEPARTMENT.

THE 23D MAY, 1837.

**Resolution.**—The Governor General in Council having had under his consideration the present state of the Administration of Affairs in the Settlements of Pinios of Wales' Island, Singapore and Malacca, his attention has been particularly directed to the condition of the landed proprietors, and to the tenures by which lands are held in those Settlements. The Regulation which prescribes the mode of authenticating titles in one of the Settlements has been declared by the Recorder's Court to be invalid. The validity of other Regulations on the same subject is considered by high Authority as questionable,—and whether these Regulations be valid or not, it is certain that many persons who have a fair claim to landed property within those Settlements, would be unable to make out a legal title to that property.

The Governor General in Council has reason to believe that many Estates in those Settlements have been acquired under circumstances which though they might not be considered by a Court of Law as sufficient to create a right of property, give the holders a strong claim on the justice of the Government, and he is satisfied that an advantage which could be obtained by rigidly enforcing the claims of the State against such persons, would compensate for the evils which would be the effect of such a course of policy.

The Governor General in Council has therefore determined to avoid taking any measure which can possibly shake the security of property, or diminish the confidence which is reposed in the public faith. He has determined to put an end to all disputes respecting the legality of the existing Regulations which relate to this subject by repealing those Regulations. He has determined to confirm by an Act of unquestionable legality all the rights which those Regulations bestowed on individuals. He has determined to institute an inquiry into claims to which the provisions of the existing Regulations do not extend for the purpose of giving validity to all which appear to be well grounded, and at the same time of enforcing the rights of the State in cases only in which they may have been wilfully or fraudulently infringed.

It is the intention of the Governor General in Council that this inquiry shall be conducted in an impartial and liberal manner. It is not the wish of Government to scrutinize in a litigious spirit the claims which may be brought forward or consider itself as placed in the situation of an adverse party with regard to any person who occupies land under any pledge express or implied on the part of the State. The Commissioner by whom the inquiry is to be conducted will be placed under the authority of the Government of Bengal, and that Government will be requested to give directions for making public the instructions which the Commissioner may receive for his guidance in the determination of questions affecting the rights of the Government, or of individuals in Land.

With these views the Governor General in Council has passed the following Act.

Act No. X. of 1837.

I. It is hereby enacted, that from the date of the passing of this Act, Regulations I. and IX. of 1830, passed by the Governor in Council of Prince of Wales' Island, Singapore and Malacca, and likewise Regulation I. of 1831, passed by the Vice President in Council, shall be repealed.

II. And it is hereby enacted, that it shall be lawful for the Governor General of India in Council to appoint one or more Commissioners for the purpose of inquiring into, and deciding upon, claims to hold lands within any of the Settlements of Prince of Wales' Island, Singapore and Malacca, whether the said claims be founded on grants or titles registered in conformity with the Provisions of any of the Regulations repealed by the foregoing Clause or not; provided nevertheless that every person holding land in any of the Settlements aforesaid, under a grant or title registered in conformity with the provisions of the said Regulations, shall be entitled to hold such land for such terms and on such conditions as are specified in such grant or title.

III. And it is hereby enacted, that on the arrival of any such Commissioner in any of the said Settlements, it shall be lawful for such Commissioner to require that all claims and applications to hold lands in that Settlement, which may be pending before the Resident Councillor, Collector or Superintendent of Land Revenue, shall be transferred to the said Commissioner, to be dealt with by him according to the powers vested in him by authority of this Act.

IV. And it is hereby enacted, that it shall be lawful for any such Commissioner whenever he may be within any of the said Settlements, to cause a survey or measurement to be made of any lands within that Settlement, in such manner as he may deem proper, and to require by a summons under his hand any person resident within that Settlement to attend before him and to produce any document relating to the right to any land or interest in land within that Settlement, and it shall further be competent to the said Commissioner to examine any such person upon Oath touching the right to any such land or interest in such land.

V. And it is hereby enacted, that whenever any such Commissioner being within any of the said Settlements, shall in prosecution of the duties assigned to him by this Act discover that any person owning, or occupying lands within that Settlement under any grant or title registered in conformity with any of the Regulations repealed by Section I. shall be in possession of more land than is specified in such grant or title, it shall be competent to the Commissioner aforesaid to declare the land so held in excess to be liable to separate assessment.

VI. And it is hereby enacted, that if any person shall hold or occupy land within any of the Settlements aforesaid, by a grant or title which shall not have been regulated in conformity with the provisions of any of the Regulations repealed by this Act, and such person shall prefer a claim to hold or occupy the same, or if such claim shall arise out of any proceeding or inquiry held by the Commissioner under this Act, it shall be competent to the said Commissioner to investigate the claim, and in every case in which the said Commissioner shall be of opinion, that the claim is a fair one, the said Commissioner shall make a decree assigning the land to which there may be such fair claim to the party who has such fair claim on such conditions, and for such term as may be prescribed under the Rules laid down for the guidance of the said Commissioner, and such decree shall constitute a good title as against the Government to the land therein assigned on the conditions and for the term therein specified.

VII. And it is hereby enacted, that whenever the Commissioner aforesaid under the power vested in him by Section IV. of this Act, shall require the attendance of any person or the production of any document by any person, he shall cause such person to be served with a notice under the hand of the said Commissioner, stating the purpose for which the attendance of such person is required, the documents (if any) which such person is to bring with him, and the period within which such person is to

attend, and if such person cannot himself be found, the notice shall be affixed at his usual place of residence.

VIII. And it is hereby enacted, that if any person shall wilfully omit to obey any lawful Summons to attend before the said Commissioner or to produce any document which he is required by the said Commissioner in the exercise of the lawful powers of the said Commissioner to produce, or to answer any lawful question put by the said Commissioner, it shall be competent to the said Commissioner to impose upon the person so wilfully omitting, for every such wilful omission, a fine not exceeding 50 Rs. commutable if not paid, to imprisonment by order of the Commissioner in the Civil Jail for a period not exceeding one month.

IX. # LIGHT AT FALSE POINT—BAY OF BENGAL. NOTICE.

REFERRING to the Notice published from this Office under date 19th July last. Notice is given that on the 1st day of March next a Light will be exhibited at False Point on a Tripod, in Latitude  $24^{\circ} 19' 25''$  N. and Longitude  $86^{\circ} 48' 4''$  E.

The Light will be exhibited from an elevation of about 35 feet above high water mark, and be visible in clear weather at a distance of about 13 miles from an elevation of 15 feet above the surface of the Sea.

The Light will be continued at this height until the end of November, after which it will be discontinued, in order to the removal of the Lantern to the top of the permanent Building. It will subsequently, viz. on and after the 1st March, 1888, be again exhibited at an elevation of 120 feet above high water mark, and be then visible from 18 to 20 miles in clear weather, from the height of 15 feet from the surface of the Sea.

The Pilot Station will be continued as heretofore, off Point Palmyra, during the S. W. Monsoon, that is from the 15th March to the 15th September, during which period the Pilot Vessels cruise during the day off the Point, anchoring during the night in a line East and West, in Latitude  $20^{\circ} 42'$  to  $20^{\circ} 44'$  N. with the Point bearing West to W. by S.; the Vessel, on board of which the next turn Pilot may be, will burn a Blue Light and fire a Maroon alternately every half hour, commencing with the former at eight o'clock and continuing till day light.

Commanders, on making the Light on False Point, are recommended after bringing it to bear West in from 13 to 14 fathoms, to steer to the N. E. keeping in from 13 to 16 fathoms as the wind may hang to the Westward or Eastward, on no account coming under the former dipth. In this track the Blue Light and Maroon abovementioned will be seen long before the Light on False Point is lost sight of. If, however, about the beginning of September, the wind comes from the Eastward or the weather assumes a threatening appearance, the Pilot Vessels necessarily haul off to the Eastward, and will then be found in a line between Point Palmyra and the Floating Light at the entrance of the Eastern Channel. Vessels therefore about that period, if the wind hangs to the Eastward or has a threatening appearance, are recommended after leaving False Point on no account to approach Point Palmyra, but rather to endeavour to make for the Floating Light at the entrance of the Eastern Channel, and it is further notified that from the 15th September no Pilot Vessel will be found to the Westward of the Western Sea Reef.

From the 15th September to the 15th March the Pilot Vessels cruise during the day between Sagar Sand and the Western Sea Reef, anchoring in the night East and West of each other, in Latitude  $21^{\circ}$  to  $21^{\circ} 10'$  North.

Vessels approaching either Station during the day, are requested to make for that Vessel on board of which they will see a large red flag flying at the Main whenever they can do so without great inconvenience or delay. In the night during the S. E. Monsoon, that is from 15th September to 15th March, at the Floating Light Station at the entrance of the Eastern Channel, the Vessel having the next turn Pilot on board will burn a Maroon every hour, and in thick weather every half hour, and as before stated, at the Point Palmyra Station, during the S. W. Monsoon, or between 15th March and 15th September, such Vessel will alternately burn a Blue Light and Maroon every half hour. Commanders are in like manner requested during the night to seek their Pilot from such Vessel, it being however understood that any Pilot Vessel which may be first seen is bound immediately to use every exertion to put a Pilot on board, night or day, without reference to turn or rotation, and that this latter is only allowed when no delay is occasioned thereby.

C. B. GREENSLAW, Secretary.

No. 305.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 17TH MAY, 1837.

The following Resolution, passed by the Right Hon'ble the Governor General of India in Council, is published for general information:

**Resolution.**—The Right Hon'ble the Governor General of India in Council remarks that the principle of the Rule recently established for Bengal, under which the Salary of Officers deputed to other Stations of the same Presidency will be Audited payable at the place where they may be employed, applies equally to the case of Officers of one Presidency employed temporarily, either under the Supreme Government or in another Presidency, without vacating the substantive Office to which they are attached under their own Presidency, but the Rule cannot be established in the same form, because the Auditor of one Presidency cannot Audit Salary Bills and adjust the fund deductions, &c. of another. In order to give to Servants in this predicament the same advantage of drawing all their Allowances at the place where they may be employed, the Right Hon'ble the Governor General of India in Council determines that the following Rule shall be established. Whenever a Servant attached to one Presidency shall obtain temporary employment under another Presidency, and shall desire to draw the Allowances of his substantive Office at the place or in the Presidency to which he has been deputed, he shall apply to the Government of his Presidency for an order to the Civil Auditor to grant him a Certificate of the amount Salary less deductions to which he is

entitled, and the Civil Auditor of the Presidency in which he is doing duty, shall, on the strength of that Certificate, pass to him a monthly sum on account, or the Civil pay of the other Presidency, the amount so passed to be made payable at the Treasury of the place where the Officer is employed, upon duplicate or triplicate receipts, and to be adjusted in account by the Accountant or Accountant General of the Presidency as a remittance to the debit of the Presidency on account of which it is paid. With respect to Divisions of the same Presidency as the Collectors of one Division are in the habit of granting Bills on those of the other which are adjusted thro' the two Offices of Account, the Governor General of India in Council adopting the suggestion of the Accountant General, determines that when an Officer of the North Western Provinces may be deputed to officiate within those under the Governor of Bengal or vice versa, the Salary Bill of his substantive Office being transmitted for Audit to the Auditor of the proper Division, shall by him be forwarded to the Collector of the District where it is ordinarily payable, and that Officer shall, if it be duly receipted, issue and transmit to the Officer a Bill for the amount as per Audit payable to the individual at the Treasury of the place where he may be employed on duty, such Bills to be granted at par without any charge of Hoondees.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 22D MAY, 1837.

**Resolution.**—The Governor General in Council having had under his consideration the present state of the Administration of Affairs in the Settlements of Prince of Wales Island, Singapore and Malacca, his attention has been particularly directed to the condition of the landed proprietors, and to the tenures by which lands are held in those Settlements. The Regulation which prescribes the mode of authenticating titles in one of the Settlements has been declared by the Recorder's Court to be invalid. The validity of other Regulations on the same subject is considered by high Authority as questionable.—and whether these Regulations be valid or not, it is certain that many persons who have a fair claim to landed property within those Settlements, would be unable to make out a legal title to that property.

The Governor General in Council has reason to believe that many Estates in those Settlements have been acquired under circumstances which though they might not be considered by a Court of Law as sufficient to create a right of property, give the holders a strong claim on the justice of the Government, and he is satisfied that no advantage which could be obtained by rigidly enforcing the claims of the State against such persons, would compensate for the evils which would be the effect of such a course of policy.

The Governor General in Council has therefore determined to avoid taking any measures which can possibly shake the security of property, or diminish the confidence which is reposed in the public faith. He has determined to put an end to all disputes respecting the legality of the existing Regulations which relate to this subject by repealing those Regulations. He has determined to confirm by an Act of unquestionable legality all the rights which those Regulations bestowed on individuals. He has determined to institute an inquiry into claims to which the provisions of the existing Regulations do not extend for the purpose of giving validity to all which appear to be well grounded, and at the same time of enforcing the rights of the State in cases only in which they may have been wilfully or fraudulently infringed.

It is the intention of the Governor General in Council that this inquiry shall be conducted in an impartial and liberal manner. It is not the wish of Government to entertain in a litigious spirit the claims which may be brought forward or consider itself as placed in the situation of an adverse party with regard to any person who occupies land under any pledge express or implied on the part of the State. The Commissioner by whom the inquiry is to be conducted will be placed under the authority of the Government of Bengal, and that Government will be requested to give directions for making public the instructions which the Commissioner may receive for his guidance in the determination of questions affecting the rights of the Government, or of individuals in Land.

With these views the Governor General in Council has passed the following Act.

ACT No. X. of 1837.

I. It is hereby enacted, that from the date of the passing of this Act, Regulations I. and IX. of 1830, passed by the Governor in Council of Prince of Wales' Island, Singapore and Malacca, and likewise Regulation I. of 1831, passed by the Vice President in Council, shall be repealed.

II. And it is hereby enacted, that it shall be lawful for the Governor General of India in Council to appoint one or more Commissioners for the purpose of inquiring into, and deciding upon, claims to hold lands within any of the Settlements of Prince of Wales' Island, Singapore and Malacca, whether the said claims be founded on grants or titles registered in conformity with the Provisions of any of the Regulations repealed by the foregoing Clause or not; provided nevertheless that every person holding land in any of the Settlements aforesaid, under a grant or title registered in conformity with the provisions of the said Regulations, shall be entitled to hold such land for such terms and on such conditions as are specified in such grant or title.

III. And it is hereby enacted, that on the arrival of any such Commissioner in any of the said Settlements, it shall be lawful for such Commissioner to require that all claims and applications to hold lands in that Settlement, which may be pending before the Resident Councillor, Collector or Superintendent of Land Revenue, shall be transferred to the said Commissioner, to be dealt with by him according to the powers vested in him by authority of this Act.

IV. And it is hereby enacted, that it shall be lawful for any such Commissioner whenever he may be within any of the said Settlements, to cause a survey or measurement to be made of any lands within that Settlement, in such manner as he may deem proper, and to require by a summons under his hand any person resident within that Settlement to attend before him and to produce any document relating to the right to any land or interest in land within that Settlement, and it shall further be competent to the said Commissioner to examine any such person upon Oath touching the right to any such land or interest in such land.

V. And it is hereby enacted, that whenever any such Commissioner being within any of the said Settlements, shall in prosecution of the duties assigned to him by this Act discover that any person owning, or occupying lands within that Settlement under any grant or title registered in conformity with any of the Regulations repealed by Section I. shall be in possession of more land than is specified in such grant or title, it shall be competent to the Commissioner aforesaid to declare the land so held to cease to be liable to separate assessment.

VI. And it is hereby enacted, that if any person shall hold or occupy land within any of the Settlements aforesaid, by a grant or title which shall not have been registered in conformity with the provisions of any of the Regulations repealed by this Act, and such person shall prefer a claim to hold or occupy the same, or if such claim shall arise out of any proceeding or inquiry held by the Commissioner under this Act, it shall be competent to the said Commissioner to investigate the claim, and in every case in which the said Commissioner shall be of opinion, that the claim is a fair one, the said Commissioner shall make a decree assigning the land to which there may be such fair claim to the party who has such fair claim on such conditions, and for such term as may be prescribed under the Rules laid down for the guidance of the said Commissioner, and such decree shall constitute a good title as against the Government in the land therein assigned on the conditions and for the term therein specified.

VII. And it is hereby enacted, that whenever the Commissioner aforesaid under the power vested in him by Section IV. of this Act, shall require the attendance of any person or the production of any document by any person, he shall cause such person to be served with a notice under the hand of the said Commissioner, stating the purpose for which the attendance of such person is required, the documents (if any) which such person is to bring with him, and the period within which such person is to attend, and if such person cannot himself be found, the notice shall be affixed at his usual place of residence.

VIII. And it is hereby enacted, that if any person shall wilfully omit to obey any lawful summons to attend before the said Commissioner or to produce any document which he is required by the said Commissioner in the exercise of the lawful powers of the said Commissioner to produce, or to answer any lawful question put by the said Commissioner, it shall be competent to the said Commissioner to impose upon the person so wilfully omitting, for every such wilful omission, a fine not exceeding 50 Rs. commutable if not paid, to imprisonment by order of the Commissioner in the Civil Jail for a period not exceeding one month.

IX. And it is hereby enacted, that whoever shall forcibly resist or cause to be resisted any such Commissioner or any person employed by such Commissioner, in the performance of any thing which such Commissioner is by this Act authorized to perform, or to cause to be performed, shall on conviction before a Magistrate, be punished with imprisonment for a term not exceeding one year, or fine, or both, in addition to any punishment to which such offender may be liable by reason of any other offence committed in the course of such resistance.

X. And it is hereby enacted, that whenever being under examination before any such Commissioner either on oath or on a declaration received instead of an oath, knowingly and deliberately affirms that to be true which he knows to be false, touching any point material to the question which the Commissioner is investigating, shall be taken to be guilty of perjury and be dealt with accordingly.

XI. And it is hereby enacted, that all Orders and Decrees passed by any such Commissioner by which the possession of any land within any of the Settlements aforesaid shall be altered or affected, shall be final.

XII. Provided always, that if any party objects to any Decree or Order of the said Commissioner on the ground that such Decree or Order deprives that party of a legal right to land or to some interest in land, it shall be lawful for that party at any time within six weeks after the making of such Decree or Order, to move the Court of Judicature of Prince of Wales' Island, Singapore and Malacca, to quash such Decree or Order, which Court shall try the question whether such Decree or Order be or be not inconsistent with any legal right of the party moving, and if the said Court shall decide that such Decree or Order is inconsistent with any such legal right, the Decree or Order of the Commissioner shall be quashed by the said Court and shall be of no effect.

XIII. And it is hereby enacted, that the said Court of Judicature shall not decide whether a Decree or Order of any such Commissioner shall or shall not be quashed except when the Recorder is sitting in the said Court if there be at that time a Recorder.

XIV. And it is hereby enacted, that no Decree or Order of any such Commissioner shall be executed until six weeks shall have elapsed from the date of such Decree or Order. And it is further hereby enacted, that if any application shall be made to the said Court of Judicature as provided for in Section XII. of this Act, in that case the Decree or Order with respect to which such application is made, shall not be executed until such application shall be finally disposed of by the said Court.

XV. And it is hereby enacted, that if no such application to the Recorder's Court as aforesaid, shall be made within the period fixed in Section XII. of this Act, the said Commissioner shall proceed to execute the Order or Decree passed by him in the same manner as the decrees of the Recorder's Court are executed; and all Sheriffs, Magistrates, Constables, and other public Officers, are hereby enjoined and required to be aiding and assisting in the execution of the same.

XVI. And it is hereby enacted, that every Commissioner appointed under this Act, shall be guided in the performance of the duties confided to him under the provisions of this Act by such instructions as he shall from time to time receive from the Governor of Bengal.

Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The 17th May, 1837.

The following Resolution, passed by the Right Hon'ble the Governor General of India in Council, is published for general information:

*Resolution.*—The Right Hon'ble the Governor General of India in Council remarks that the principle of the Rule recently established for Bengal, under which the Salary of Officers deputed to other Stations of the same Presidency will be Audited payable at the place where they may be employed, applies equally to the case of Officers of one Presidency employed temporarily, either under the Supreme Government or in another Presidency, without vacating the substantive Office to which they are attached under their own Presidency, but the Rule cannot be established in the same form, because the Auditor of one Presidency cannot Audit Salary Bills and adjust the fund deductions, &c. of another. In order to give to Servants in this predicament the same advantage of drawing all their Allowances at the place where they may be employed, the Right Hon'ble the Governor General of India in Council determines that the following Rule shall be established. Whenever a Servant attached to one Presidency shall obtain temporary employment under another Presidency, and shall desire to draw the Allowance of his substantive Office at the place or in the Presidency to which he has been deputed, he shall apply to the Government of his Presidency for an order to the Civil Auditor to grant him a Certificate of the amount Salary less deductions to which he is entitled, and the Civil Auditor of the Presidency in which he is doing duty, shall, on the strength of that Certificate, pass to him a monthly sum on account, as the Civil pay of the other Presidency, the amount so passed to be made payable at the Treasury of the place where the Officer is employed, upon duplicate or triplicate receipts, and to be adjusted in account by the Accountant or Accountant General of the Presidency as a remittance to

the debit of the Presidency on account of which it is paid. With respect to Deputies of the same Presidency as the Collectors of one Division are in the habit of granting Bills on those of the other which are adjusted thro' the two Offices of Account, the Governor General of India in Council adopting the suggestion of the Accountant General, determines that when an Officer of the North Western Provinces may be deputed to officiate within those under the Governor of Bengal or vice versa, the Salary Bill of his substantive Office being transmitted for Audit to the Auditor of the proper Division, shall by him be forwarded to the Collector of the District where it is ordinarily payable, and that Officer shall, if it be duly receipted, issue and transmit to the Officer's Bill for the amount as per Audit payable to the Individual at the Treasury of the place where he may be employed on duty, such Bills to be granted at par without any charge of House-allowance.

The 20th May, 1837.

The following Draft of a proposed Act was read in Council for the first time on the 20th May, 1837:

Act No. — of 1837.

I. It is hereby enacted, that every house and out-house built within the City of Calcutta, after the 1st day of November, 1837, shall be covered with an outer roof of incombustible materials, and that, if any house or out-house be built in contravention of this provision, the owner of such house or out-house shall, on conviction before a Magistrate, be punished with a fine not exceeding ten Rupees.

II. And it is hereby enacted, that it shall be lawful for the Superintendent of the Police of the said City, from the date of the passing of this Act, to tender to the owner of any house or out-house within the said City, which house or out-house may have been built before the said 1st day of November 1837, and which may not be covered with an outer roof of incombustible materials, a sum of money to defray the expense of covering such house or out-house with such an outer roof, and that if the owner of such house or out-house shall accept the sum so tendered and shall engage that such house or out-house shall be covered with such an outer roof within a certain time, and shall not within that time cause such house or out-house to be covered with such an outer roof, such owner shall, on conviction before a Magistrate, be punished with a fine not exceeding ten times the sum so accepted by such owner.

III. And it is hereby enacted, that if any house or out-house shall be built in contravention of the provision contained in Section I. of this Act, or if any owner of a house or out-house shall refuse to accept a sum of money tendered by the said Superintendent in the manner described in Section II. of this Act, it shall be lawful for the said Superintendent to cause such house or out-house to be covered with an outer roof of incombustible materials without the consent of the owner thereof, and to cause such alterations to be made in the walls of such house or out-house, as may enable such walls to support such outer roof, and to defray the expense out of any funds which may be put at the disposal of the said Superintendent for that purpose either by the Government or by any private person or body of private persons.

IV. And it is hereby enacted, that whoever shall wilfully obstruct the said Superintendent, or any person acting under the authority of the said Superintendent, in the exercise of the powers given to the said Superintendent by Section III. of this Act, shall, on conviction before a Magistrate, be punished with a fine not exceeding ten Rupees, in excess of any punishment to which the person so obstructing may be liable by reason of any other offence which he may commit in the course of such obstruction.

V. And it is hereby enacted, that all fines levied under the authority of this Act shall be paid into the General Treasury, and shall be applied to the purpose of defraying expenses incurred in carrying this Act into execution.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 31 day of June next.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in duplicate, at six months sight, at the rate of—

vances made at ..... Bengal.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including

Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advances, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.
